man page - ArchWiki - Arch Linux

Arch Linux is an independent project behind a so-called GNU Linux distribution for the i686 (arch end support in November 2017) and X86-64 platforms. The first official version was released March 11, 2002, named Arch Linux 0.1. This distribution is presented as light and fast with as a great principle, the philosophy KISS (Keep It Simple, Stupid).
