## **Articulating Reason - WordPress.com**

In addition to its six more or less self-contained, but mutually reinforcing chapters, *Articulating Reasons* contains a substantial introduction that locates Brandom's project philosophically and historically: Brandom holds inter alia that the use of concepts is explanatorily prior to their contents; that concept use is essentially linguistic; that the sentential is theoretically more basic than the sub-sentential; that concept use is best viewed as a species of expression, rather than ...

## **Articulating Reasons: An Introduction to Inferentialism ...**

In fact, "*Articulating Reasons*" might better be thought of as a companion rather than an introduction to "*Making it Explicit*." Reading the former alongside the latter would be a profitable endeavor. In sum, Brandom's ideas about meaning, intentionality, practical reason, normativity and justification are some of the most exciting around.
