Newer isn't always better, especially when it comes to good design. There's a reason the Eames' fiberglass chair is considered a classic: It's as relevant today as it was when Charles and Ray ...

12 Design Classics That You'll Love for a Lifetime | WIRED

While a few years ago navigational menus were a primary visual element in almost every web design, many responsive websites are now opting for a navigation menu that is much less dominant visually. These sites typically use a familiar icon of 3 horizontal stripes to indicate that a menu will be opened on click.
