The rules apply equally to large and small firms, so although the software functionality and firm requirements may vary based on firm size, the rules themselves do not change based on firm size. We are firm size agnostic.

CalendarRules

Client Access Rule conditions and exceptions. Conditions and exceptions in Client Access Rules identify the client connections that the rule is applied to or not applied to. For example, if the rule blocks access by remote PowerShell clients, you can configure the rule to allow remote PowerShell connections from a specific range of IP addresses.
