Earth Is Room Enough Isaac

A wonderful collection of Asimov's short stories Earth is Room Enough is an anthology of Asimov's early short stories centered on the theme that anything can and probably will happen right here on earth. It's likely that Asimov and his editors probably had their collective tongues firmly planted in their cheeks and grins on their faces when they tweaked the noses of Asimov's contemporary authors by proving that you didn't need rocket ships and space opera to write great science fiction.

Earth Is Room Enough by Isaac Asimov - Goodreads

There can be no question that Isaac Asimov deserves his place among the legends of science fiction. The original Foundation trilogy and the Robot series are canon deservedly so. Unfortunately, Earth Is Room Enough does not do justice to the Grand Master. The stories collected range from the fairly decent to the deadly dull.

Earth Is Room Enough is a collection of fifteen short science fiction and fantasy stories and two pieces of comic verse by American writer Isaac Asimov in 1957. In his autobiography In Joy Still Felt, Asimov wrote, "I was still thinking of the remarks of reviewers such as George O. Smith... concerning my penchant for wandering over the Galaxy. I therefore picked stories that took place on Earth and called the book Earth Is Room Enough." The collection includes one story from the Robot series and
