Wikibooks is a useful resource if you're curious about a subject, but you couldn't reference it in academic work. It's also worth noting that although Wikibooks' editors are sharp-eyed, some less scrupulous contributors may plagiarize copyright-protected work by other authors. Some recipes, for example, appear to be paraphrased from well-known chefs.

Melissa's Golf Cart Custom Body Kits - GOLF CART BODY KITS

One of the most common calls we get is asking if we have a conversion kit to magically turn an electric cart into a gas cart. While the saying "where there's a will, there's a way", is true, you have to put a value on your time. 1. An electric cart has a completely different rear axle than a gas cart and they are nowhere near compatible. The electric motor is directly connected to the axle and ...
