International Harvester purchased Chatham Wagon Works in 1910 and became North America's premier truck manufacturer. The company had a number of early tractor models. The Farmall, in 1924, introduced a revolution in tractor design because of its innovative tricycle style row-crop tractor: it could plow and was capable of precision work such as cultivating.

The small 1621 kg Farmall A tractor was one of an all new series of International Harvester Co. tractors released in the USA in 1939. These new tractors were 'styled' by well-known industrial designer Raymond Loewy to boost sales by improving their visual appeal with slatted grills and curved panels. The Farmall A also featured an offset drivers' seat on the left to allow a clear view of the ...
