Lesson Step 1 : I will do a brief review of previous lessons to make a connection with today's lesson. For the past two days we have been learning about important foods that provides energy and nutrients for the body as well as about foods that protect the body from diseases, and why it is important for us to eat a mixture of these foods.

Lesson Plan | jwhiteed230

How were your objectives met? My objectives were met as the students executed locomotor movements in geometrical patterns. My objectives were also met when the students created individualized choreography using mathematics. Was the material too difficult? Simple? Uninteresting? Directions not clear? Explain I feel the material was uninteresting.
