One Cause One Cure

The one cause is the body's inability to recognize itself and/or its environment and to respond appropriately to demand and supply. The one cure is the restoration of the body's natural ability to heal itself by the removal of what was obstructing it to do so.

The "One cause" of all disease is what we call dis-ease, or a lack of ease in the body. In other words, there's a problem somewhere in the body causing the body to function at less than optimum. The "One cure" is simply the restoration of ease in how the body relates to itself and functions under all circumstances.

One Cause, One Cure, = A Different Way

The concept of "one cause, one cure" is actually not a chiropractic idea, but an observable and empirical truth about all body healing in all disciplines in health care. Often, people visit the doctor, chiropractor, physiotherapist, specialist, surgeon, etc expecting for him or her to "fix" their problems so that they can get better again.

Atlas Health Brisbane | One Cause, One Cure

This is a simple wellness principle. There is one cause of disease and there is only one cure. In a health state, our body has the ability to adapt to the environmental stresses that we place upon it. It is our ability to adapt to environmental stresses and maintain homeostasis that keeps us healthy.
