Organ foot pedal technique can be one of the most difficult aspects of learning to play the organ. Even for those with experience playing the piano or keyboard, it may take some time to adjust to using the legs and feet to play pedal keyboard patterns. Proper positioning of the body and feet is the basis of proper organ pedal technique.

**Organ Foot Pedal Technique | Our Pastimes**  
Short compass (1 or 2 octave) straight "electronic organ" pedal boards are relatively cheap - even free if you salvage one from a scrapped instrument. But a standard 30 or 32 note radial board isn't cheap, and is also quite big and heavy (some weigh close to 50 Kg or 100 pounds), won't necessarily fit under your existing manual keyboards at home, and you will probably need a proper bench as well.

**How to practice organ at home? - Music: Practice & Theory ...**  
The middle of the piece is a short fugue written for pedals, very interesting. Like a lot of so-called pedals only pieces, the hands are called upon to play some large chords to end the piece.
