Powder Burn

Carl Hiaasen's Powder Burn is a fairly straightforward crime novel with some rather engaging characters that do battle with the 1980s drug lords in Florida. The best aspect of this book is the complicated plot that culminates in a satisfying ending.

Powder Burn by Carl Hiaasen - Goodreads

A powder burn is a type of burn caused by exposure to the burning gases which are expelled from the muzzle of a firearm as it is fired. Powder burns only occur when the person or burned is close to the discharging firearm, as the gases quickly dissipate.

Powder burn - Wikipedia

"Powder Burn" is one of Hiaasen's earlier books, apparently written before he had the confidence to unleash the outrageous sense of humor that brought us such memorable characters as Skink, the former Florida governor who now lives in the glades and subsists on roadkill, or Chemo, the scarred killer who loses a hand to a barracuda and has his stump fitted with a weed-whacker.

because they have no particular meaning.

Why Powder Burn Rate Is Meaningless - CHUCKHAWKS.COM

Also, please tell us you don't need this info because you think you don't want to waste 2% of powder. BTW, you're going to get more speed with a longer barrel regardless of powder % burned. Now that I think about it the powder burn is irrelevant. Nevertheless, QL is still the easiest way to estimate velocity and powder burn. Example, 24" vs 26".

powder burn | Sniper's Hide Forum

It should also be understood that the burning rate of any given powder can vary substantially when different cartridges are being compared. Smokeless propellants are organic compounds, and are subject to lot-to-lot variations that are unavoidable during the manufacturing process.

Read PDF Powder Burn

Handgun powder is going to burn faster, giving off the most energy in the shortest amount of time and distance. This is needed because the barrel of a handgun is shorter, so the explosion needs to be completed in about six inches. If you use a slow-burning powder in a handgun, you will likely have a bright flash at the end of the barrel.
