value of x and y in each 5, Answer keys to special right triangles,
The pythagorean theorem date period.

Special Right Triangles Gina Wilson Worksheets - Learny Kids

There are two "special" right triangles that will continually appear throughout your study of mathematics: the 30° - 60° - 90° triangle and the 45° - 45° - 90° triangle. The special nature of these triangles is their ability to yield exact answers instead of decimal approximations when dealing with trigonometric functions. This page will deal with the 45° - 45° - 90° triangle.
