This is enthralling, wise, witty, humane, intelligent and rather important, says Nicholas Lezard
The AIDS pandemic displaced the population explosion as an issue of global concern and, in its turn, is likely to be sidelined by a new threat, climate change.

As Elizabeth Pisani writes in The Wisdom of Whores, “HIV is a virus that doesn’t care what people think. It only cares what people do.” Yet, as she shows repeatedly in this informative, carefully researched, slightly irreverent look at HIV/AIDS, many of our decisions about the virus depend on what people think.

“Yes, our social and economic circumstances shape decisions we make about all sorts of things in life, including sex.”

Sometimes they rob us of the power to make any decisions at all.

Elizabeth Pisani Quotes (Author of The Wisdom of Whores)
The whores are not actually very wise, she admits, but neither are the donors and administrators of government programs who demand abstinence, oppose family planning, think
they can create a drug-free world and often operate in ignorance of what other groups are doing. A further dilemma goes to the heart of AIDS stigma.
